Please note:

- If an alternative learning option is incorrect or missing, please contact the office. This may require the submission of a Substantive Change Request.
- If the program length is incorrect, please contact the office. This may require the submission of a Substantive Change Request.
- Program Effectiveness Data will be updated once the Program Annual Report is processed in the office.
- If any other information is incorrect (program address, terminal award, clinical settings), please contact the office.

The JRCERT promotes excellence in education through the application of professional standards that endorse academic integrity and quality, as well as exemplary healthcare, through the accreditation of educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry.
