IV. RESEARCH AND CREATIVE ACTIVITY

A. Interests and Specialties:

History of Turkey and the Ottoman Empire, History of the Modern Middle East, Women's History and Gender Studies, Nationalism, State-Society Relations, Politics of Language, Politics of Dress, Subaltern Studies.

B. Current Projects

“Secular State, Violent Rebellion, and Popular Memory in Western Anatolia, 1930-2020.” This book project concerns the 1930 Menemen incident, a highly contested violent moment in modern Turkish history and historiography. I re-evaluate the Menemen incident drawing on the previously inaccessible official records and taking into account recent scholarship that has emphasized millenarian or economic aspects of the event. I view Menemen, its narratives, its official histories, its media portrayals and remembrances, as a metaphor for exploring the complex relationship between the modern state, secular national culture, popular Islam, and religious reaction.
